MENTAL HEALTH RIGHTS AND PROTECTIONS
POLICY AND PROCEDURES

Revised 4/21

PURPOSE: NCC will maintain processes to ensure that each enrollee is treated with respect and with due consideration for his or her dignity and privacy and receive information on available treatment options and alternatives, presented in a manner appropriate to the enrollee's condition and ability to understand.

POLICY

Documentation that Medicaid Enrollees have received a copy of and have been explained these rights and protections will be maintained in the Enrollee's clinical record.

 - A). NCC will give each Enrollee written notice of any change that Medicaid's Mental Health Department defines as significant. NCC will give written notice to each Enrollee 30 days prior to intended effective date of change;
 - B). NCC will make a good faith effort to give written notice of termination of a contracted provider, within 15 days after receipt or issuance of the termination notice, to each Enrollee who received primary care from that provider.
7. Annual client (consumer) meetings will encourage input from those enrolled in NCC services regarding mental health rights and protections.
8. Random Clinical Chart Record Reviews will include an assessment as to the provision of services that have taken into account the client's mental health rights and protections. Any deficiencies will be noted and reviewed at NCC's IQAPI meetings.
